Assalamu Alaikum Warahmatullahi Wabarakatuh

Alhamdulillah, we have been blessed to experience another Ramadan. The team at Al Ummah Foundation served people in Yemen and Bangladesh while trying to bring some joy and hope to those living in extreme circumstances; poverty, war and climate change!

A MASSIVE THANK YOU

Al Ummah Foundation would like to thank each and every donor, supporter, volunteer, fundraiser, family member, friend, neighbour and well-wisher across the globe for your generosity, hard work, love and support.

All this was possible by the grace of Allah Almighty and our loyal and fast-growing team of fundraisers, volunteers and donors.

We thank you from the bottom of our hearts once again.

Financial Review

Al Ummah Foundation used gift aid money to help reach more beneficiaries in both Bangladesh and Yemen food distribution campaigns.

We can proudly say that we are not just a 100% donation policy charity, we go beyond that to help the most needy around the world.

Families expressed their sincere gratitude

The beneficiaries in Bangladesh and Yemen were truly grateful for the food distribution and offered their sincere prayers to all the donors that helped them during this Ramadan.

There were many orphans, widows and single parents in attendance who collected essential food packs to feed themselves and their loved ones. They emphasised that without the support of donors, they would have gone hungry for days, weeks and god knows what their future may hold. The beneficiaries wanted donors and supporters to remember them in our prayers.

Circumstances

The situation in Yemen is fast getting worse - one of the largest humanitarian crises in the world. Along with Afghanistan, 'Yemen is experiencing the world's worst food security with 20.1 million people requiring food assistance' - (source: Human Rights Watch)

Al Ummah Foundation distributed food packs this Ramadan to the most needy in Yemen who are caught between an ongoing war that has ravaged this country. Millions of people in Yemen have lost their livelihoods and are on the breadline or succumbing to death from starvation.

It is simply devastating to witness young and vulnerable people suffer in this way.
